

PRODUCTIVITY & ACCOMPLISHMENT

Ready for a *new* experience of your *life and work*?

The Mission Control Productivity & Accomplishment Course provides insight into the existing (and possibly outdated) ways of working that pose a limit on our effectiveness and introduces new foundational principles, perspectives, and practices that will leave you more powerful, focused, and productive.

This course is designed for professionals looking to level-up their capacity to skillfully manage everything that comes at them each day in today's work environments.

Format:

- **Kick-Off Call:** September 13th at 1pm Mountain Time (55 minutes)
- **Two-Day Workshop:** September 30th & October 1st in Denver, Colorado
- **Follow-Up Group Coaching Calls:** The course includes group coaching calls after the in-person workshop, to coach you through implementing this new system in your life.

Course Outcomes:

- Learn a new way to think about, organize and manage your work to match today's work environments.
- Enhance strategic thinking, planning and acting in an environment of "too much to do."
- Dramatically increase your productivity and produce results in the areas that are most important to you.
- Elevate accountability while reducing stress and worry.
- Create a new level of focus and effectiveness in your work and in your life.
- Have the freedom and confidence to "turn off" work at the end of the day.
